## Community Volunteers Join Together to Complete 6 Wheelchair Ramps in 6 Days!

Established as a signature event by the Governor's Commission on Volunteerism and Community Service (Volunteer Florida), the 6 Days 6 Ramps event began in Tallahassee eight years ago. A major goal of the 6 Days 6 Ramps project is to increase the capacity of local organizations to build wheelchair ramps for community members with disabilities who have no other means to pay for a ramp.

In addition to involving business partners and the community in the project, 6 Days 6 Ramps is also reaching out to community members with disabilities to come out and be a part of the project and learn more about AmeriCorps and our community partners.

*"This ramp has made it possible for me to continue to live on my own. Thanks to all of the volunteers."  
 —Past Ramp Recipient.*
